

NuTone®

DOOR CHIMES

Welcome your guests in style with the elegance of a NuTone Door Chime.

The NuTone Collection of Door Chimes

The NuTone® Difference

As home ownership increases, so does the desire for high-quality, decorative home accents. NuTone has successfully identified and translated the needs of Canadian consumers into a collection of door chimes that make it easier to express your individual style.

Positioning for Leadership with the NuTone® Brand

NuTone has the highest unaided brand recognition among consumers buying door Chimes.* NuTone consumers have discriminating taste and are willing to invest more in order to personalize their home.

Worldwide Technology and Product Development

With a tradition of fashion and quality that dates back to 1936, NuTone facilities continually research and develop innovative new products. Popular global and domestic designs are brought to North America to meet both Canadian and U.S. market needs.

Styles That Last a Lifetime

Whether your style calls for a chime that is compact and subtle or dramatic and elegant, the NuTone collection offers designs to match any décor and features that suit your individual lifestyle. You can choose from a selection of finishes to accent or complement the tones in your home and chime tones that announce your guests in style.

An Expression of your Style

Upgrade your chime in a fraction of the time!

NuTone chimes hit all the right notes for easy installation. Now you can upgrade your existing two-note chime to classic Westminster sound, elegant brass and real wood in **just 10 minutes** - without changing the transformer!

The Westminster

A Note of Distinction

Classic style and rich sound are yours with Westminster chimes by NuTone. The Westminster delivers the beauty of real wood and the elegance of brass.

Westminster chimes accommodate up to three doors, allowing you to choose an eight-note or four-note chime for the front door, one note for the back door and a separate note for a side door.

The Westminster can also replace an existing two-note chime without changing the transformer.

Builder chime with 16-volt transformer wiring

Add two 9-volt batteries to your new Westminster chime

Install the Westminster chime using existing 16-volt transformer

Classic Elegance on a Grand Scale

2 1/2" W x 5 3/4" H

NuTone Wireless Chimes

With no wires to run, NuTone wireless chimes can be installed in just minutes!

All NuTone wireless chimes are compatible. You can choose to have a strobe chime in the garage, a portable model upstairs and another wireless chime anywhere in between. All models allow multiple entrances with their own distinctive chime tone and feature 64 adjustable frequency codes to prevent interference. These are just more ways NuTone ensures you never miss an important guest. Easy installation, reliable operation and great sound. Expect nothing less from a NuTone wireless chime.

History With an Eye on Today

The Americana™ door chime offers the charming warmth of classic style together with the wireless technology of today. This NuTone chime features wood and brass design, volume and pitch control, CD-quality Westminster sound and an extended 300-foot "open air" range.
